## WANT TO JOIN THE TEAM?

### WHAT YOU WILL DO?

You will join a team of talented developers and work on international web application, e-commerce and mobile platforms (PWA) with beautiful UX/UI creation and **high standard!**

- Convert designs to HTML/CSS documents using Sketch/Photoshop/Illustrator/Zeplin. Your products should be well-structured, SEO friendly, flexible to customise and be compatible to modern browsers;
- Customise website interface using HTML/CSS/Javascript to adapt requirements from client (Symfony and Magento);
- Stay up-to-date on the latest developments and trends in web design and development;
- Collaborate with design team to build UI/UX competency, and participate in designing stages proactively to build responsive and interactive websites;
- Work with interaction, motion, slick animation, beautiful scrolling, and stunning transitions.

### WHAT YOU WILL NEED TO HAVE?

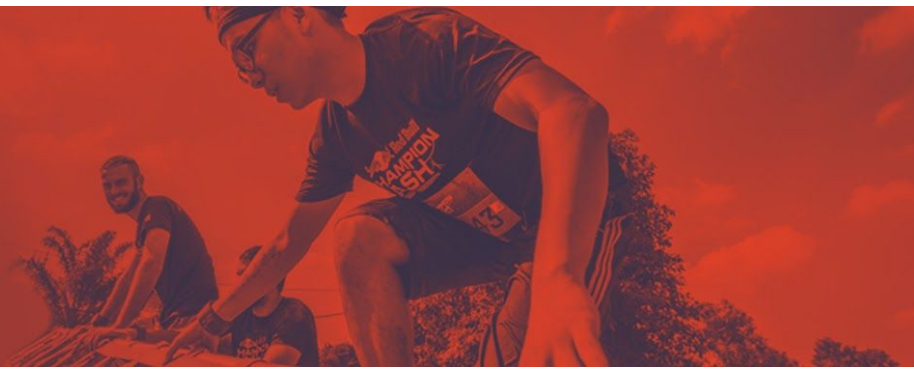

We are seeking driven, detail-oriented Front-End Engineer who is proficient with Javascript knowledge and keen to use the very latest in web technologies and experienced in **developing highly polished website** for client. Strong passion for web development, eagerness to apply new technologies at work.

You will be working closely with our amazing design team, other front-end developers, team leaders, and project managers to deliver world-class publicly visible websites.

- Strong knowledge of HTML5/CSS3 (Bootstrap, Zurb Foundation is a PLUS);
- Solid understanding of Javascript coding (jQuery or ES6, etc);
- Knowledge of SASS/LESS, Grunt/Gulp, or Webpack and PWA;
- Experience with **VueJS** or **ReactJS** (Vue Storefront is a big PLUS);
- Strong UI/UX experience and pay attention to improve website performance;
- Ability to implement complex sequences using Velocity, GSAP, or similar;
- Experience in Agile Development methodologies, SCRUM process;
- Strong aesthetic sense and good understanding of motion is PLUS (i.e: Google motion design);
- Ability to communicate, read, and write in English.

**Sutunam**

## YOU'LL LOVE WORKING!

### WHY JOIN THE SUTUNAM TEAM?

- Because you want to be part of a multi-winning award digital Agency
- Because you want to work with **talented** colleagues
- Because you want to work on the exciting new tech
- Because you want to join a global company and grow in a professional & English-speaking environment
- Or, just because you **love** us!

### WHAT WE ARE OFFERING?

- Western management, friendly, dynamic, open minded and sharing;
- English-speaking & **dynamic working environment** with many exciting projects from all over the world;
- IT certification allowance (Magento, Symfony);
- Professional training to fully develop your skills;
- 1 day a month to work on side projects and try out new technologies with;
- **Attractive** salary package;
- High monthly salary, 13th month pay, performance bonus and more;
- Private healthcare coverage;
- 5 days work from Monday to Friday;
- The chance to play hard: monthly events, birthdays, summer trip, Sport events and more!
